

A285 User Instructions

Combination Lock A285

Setting your personal combination

Step 1

To open, enter the factory code 3333 and turn the knob clockwise to OPEN.

Step 2

Enter a personally selected code XXXX, turn the knob to CLOSE and scramble the code by hand, the personal code is now saved.

Note: If you forget your code, please contact the person responsible for the locker installation.

Code finding/Emergency opening

Step 1

Insert the key in the CLOSE position and turn anti-clockwise as far as it will go.

Step 2

Turn the knob 180 degrees clockwise, the code auto-scrambles to 0000.

Step 3

Turn the key back clockwise by 180 degrees and remove.

Step 4

Slowly turn the knob back to CLOSE, at the end of this process the currently stored code will be displayed.

Step 5

If the 4 numbers are not exactly centred in a row, repeat the emergency opening procedure.

Note: The master key should only be used for emergency access.
